

VARSITY SENIOR RECOGNIZED FOR MILESTONE SPORTS ACHIEVEMENT CONGRATULATIONS TO GLOUCESTER RESIDENT

★ MICHAEL ENZ ★

Our sincerest best wishes go out to WCA High School Senior Michael Enz who was recently honored during the post-game ceremony immediately following his "Senior Night" Varsity Soccer Homecoming Game at Williamsburg Christian Academy on 20 October, 2015.

Throughout his junior and senior year as a varsity soccer player at WCA, Michael has contributed an extremely impressive 61 points to the "Eagles" offense in less than 2 complete seasons over a combined 31-game schedule during 2014 and 2015 thus far.

Michael's athletic performance during the "Eagles" final regular season "Senior Night" home game on the 20th of October, 2015 was nothing short of amazing. He led the Eagles to victory providing the team's opening score just 2 minutes and 8 seconds into the contest and from that point forward, the Eagles never looked back. Michael subsequently contributed two additional goals completing the night with a total of 3 goals & 2 assists.

As was stated during Michael's Senior Night post-game presentation: "The athletic ability, consistent game performance and leadership provided by this seventeen-year-old young man will be remembered by many for a very long time. He is, and has always been, a dedicated Team Player!"

The 60-point milestone that Michael has exceeded is seldom achieved by very few high school varsity soccer players. When considering the short time frame and limited number of games he has completed during the 2014 and 2015 fall soccer seasons, one begins to fully realize just how much Michael has truly established himself as an exceptional athlete.

Michael intends to continue playing soccer at the collegiate level while pursuing a bachelor's degree in wildlife conservation. His college minor interests include communication and continuing his education in sign language.

Even though Michael has completed college visits at some "schools of interest" since last spring, he remains uncommitted to a particular school at this time. Over the next few months he plans to continue reviewing his higher education options before making a final decision in early 2016.
